NEW PLANT

1 2 3 4

2. Attendance

Water:

Frecuente

Lightning:

Moderada

Moisture:**Temperature:**

Mínimo hasta -15°C, máximo 25°C

Soil:

A base de tierra ricco en nitrógeno.

Compost:

Compost orgánico a base de harina de huesos o estiercol a poca profundidad

Comment:

Dado que clemátide es una planta trepadora, se recomienda proporcionarle un soporte por el que pueda trepar, así como brindarle espacio suficiente para que quede bonita y decorativa. Cabe señalar que solo es capaz de agarrarse a soportes relativamente finos, por lo que estos no deben ser demasiado gruesos.
